NS100W - Wall Mounted Table: The NS100W table mounts directly to a wall to provide adjustable height flexibility with economical use of space in offices, clinics and other working environments. The frame measures 51" w x 28" h x 24" deep, and can travel to 36" high. Maximum lift capacity 220 lbs.

EPT160 - Free Standing Table: The easily assembled EPT160 can lift a maximum of 350 lbs. (including table top). It has a vertical travel range of 24" to 49" and a telescoping center beam which accommodates tops from 48" to 72" wide and 28" to 36" deep. The control panel allows for 4 presets to quickly and easily switch between various tasks and worker preferences.

2-Year Warranty!

Ergomat's ErgoPerfect furniture line is conditionally warranted against motor failure for 2-years from the date of purchase. This warranty is void in cases of abuse or when product is used outside published specifications. Please consult your dealer or Ergomat representative with any questions about use of the ErgoPerfect line under specific environmental conditions.
