

# ERGOMAT POLYURETHANE PROFILES

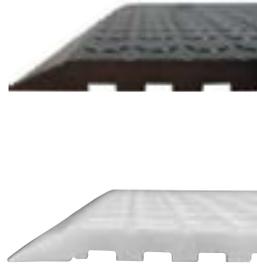

## Ergomat Infinity

Ergomat Infinity Bubble is the only true anti-fatigue mat available with up to a 12 year warranty (in dry applications). The Infinity Bubble mat has the comfort of a polyurethane mat and has the added benefit of easy clean-ability due to its closed-cell / non-porous top surface. Ergomat Infinity Bubble also has extremely good chemical and UV resistance (except for organic solvents). Ideal if carts or trolleys must be used. Cleanroom ISO Class 5 (Class 100).

**AVAILABLE IN Bubble (ID: IN), Smooth (ID: INS), Bubble ESD (ID: IN-ESD) or Smooth ESD (ID: INS-ESD)**

**COLOR OPTIONS: Black, Silver, White, Red, Yellow, Blue**

**Warranty:** 6 years, 12 years for retail environments

## Ergomat Infinity Deluxe

Ergomat Infinity Deluxe combines ergonomic comfort and exceptional durability in a resilient 5/8" thick polyurethane mat. The Deluxe is designed specifically for tasks that require pivoting and cart accessibility. Ergomat Infinity Deluxe is an anti-static mat with extremely good chemical and UV resistance (except for organic solvents). Cleanroom ISO Class 5 (Class 100).

**AVAILABLE IN Smooth (ID: IND) or ESD (ID: IND-ESD)**

**COLOR OPTIONS: Black, Silver, Stainless, Blue**

**Warranty:** 6 years, 12 years for retail environments

## Ergomat AB Classic

An anti-static mat that is ideal for dry and non-abrasive areas and where static electricity is present. Perfect for assembly and picking lines. Cleanroom ISO Class 5 (Class 100).

**AVAILABLE IN Bubble (ID: ST)**

**COLOR OPTIONS: Black**

**Warranty:** 8 years

## Ergomat AFS Complete

This mat is for all dry and damp areas where flame retardant and anti-static material is important. Great chemical resistancy for where chemical/oil spillage may occur. Ideal if carts or trolleys must be used. Cleanroom ISO Class 5 (Class 100).

**AVAILABLE IN Bubble (ID: STF) or Smooth (ID: SX)**

**COLOR OPTIONS: Black**

**Warranty:** 5 years

## Ergomat Bubble-Down

The ultimate mat for dry environments or where there is an extreme amount of pivoting. An anti-static mat for dry and non-abrasive areas and where static electricity is present. Perfect for assembly and picking lines. Cleanroom ISO Class 5 (Class 100).

**Product ID: BD**

**COLOR OPTIONS: Black with Yellow Bevel**

**Warranty:** 4 years

## Ergomat Basic

A less-dense version of our polyurethane Complete Smooth. Specifically for non-critical environments or areas where durability is not of essence. Ideal if carts or trolleys must be used.

**AVAILABLE IN Bubble (ID: BB), Smooth (ID: SB), Basic Plano (ID: BP), or Basic Bubble-Down (ID: BBD)**

**COLOR OPTIONS: Black**

**Warranty:** 2 years

The Sticky Mat provides a fast, convenient, reliable way to clean shoe soles or other items before entering a clean and sanitary area. Sticky Mats significantly reduce traffic-borne contaminants. Each Sticky Mat consists of a stack of tear-off polyethylene films and each sheet is fully covered with adhesive to effectively capture dirt and dust from foot-traffic and equipment wheels before they enter controlled environments. A clear release sheet protects the top sheet of the sticky mat until it is ready to use. The corner tabs are consecutively numbered to show the number of remaining sheets, thereby helping you to keep track of the number of sheets remaining and preventing multiple sheets being removed at once.

# ERGOMAT NITRIL PROFILES

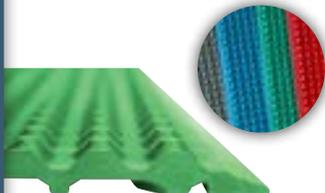

Warranty: 3 years

## ERGOMAT NITRIL

A mat for usage in the electronics industry or for areas where static control is crucial due to sensitive equipment. Also available in a conductive version as well as in a die-cut version to allow airflow. Complies to USDA and CFIA standards/guidelines. Cleanroom ISO Class 5 (Class 100).

AVAILABLE IN Nitril (ID: EN) and Nitril Conductive (ID: ENC)  
COLOR OPTIONS: Black

Warranty: 3 years

## ERGOMAT HYGIENE

The perfect mat for the food industry as well as for laboratories. Designed for easy clean-ability and daily sanitation. Great ergonomics combined with chemical resistance. Hygiene can be autoclaved (2x3 feet only) and has great anti-bacterial cleanability properties. Available in 4 vibrant colors for easy identification and cross contamination control. Complies to USDA and CFIA standards/guidelines. Cleanroom ISO Class 5 (Class 100).

Product ID: EH  
COLOR OPTIONS: Grey, Blue, Green, Red

Warranty: 3 years

## ERGOMAT NITRIL SMOOTH

Same characteristics as the Nitril matting, but in a smooth version for areas with trolleys and carts. Cleanroom ISO Class 5 (Class 100).

AVAILABLE IN Smooth (ID: ENS), or Smooth ESD-Conductive (ID: ENCS)  
COLOR OPTIONS: Black

Warranty: 3 years

## ERGOMAT NITRO

Specially designed for the food and metal industry, this mat is resistant against oils, many alkaline liquids and acids as well as hot metal shavings up to 1112°F. Nitro has a unique rounded cone design to provide great anti-slip properties even when exposed to fat or oils. Cleanroom ISO Class 5 (Class 100).

PRODUCT ID: ENT  
COLOR OPTIONS: Black

Warranty: 3 years

## ERGOMAT SOFTLINE

The Ergomat Softline is designed for areas where resistance to oil, petrochemicals and heat is important (up to 1112°F). True ergonomics for wet environments. In case of excessive volumes of fluids, the Softline can be die-cut to allow for drainage. Great anti-slip properties even when exposed to fat or oils. Cleanroom ISO Class 5 (Class 100).

AVAILABLE IN Black (ID: SL), Grey (ID: SL-GRA), or Blue (ID: SL-BLU)  
COLOR OPTIONS: Black, Grey, Blue

Warranty: 5 years

## ERGOMAT INDUSTRY

A hole mat designed for areas with extreme amounts of liquids (oils, water, etc) or accumulation of materials, where an ergonomic mat is no longer suitable and evacuation is of an essence. Cleanroom ISO Class 5 (Class 100).

PRODUCT ID: EX  
COLOR OPTIONS: Black

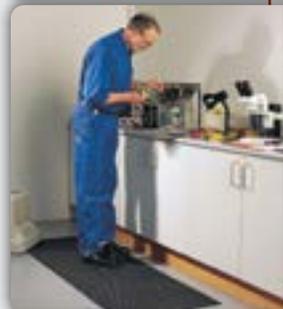

Warranty: 3 years

## Ergomat Super-Safe Mats

Providing unparalleled non-slip safety in extremely wet conditions and critical environments. Positive grip suction cups on the underside of the mat eliminate the fear of hydroplaning. Anti-microbial additive reduces bacterial contamination concerns. Beveled on all sides to reduce trip hazards. Highly resistant to a variety of pH and chemical exposures.

AVAILABLE IN Ergo (ID: SSE0203), or Smooth (ID: SSM4080G / SSM6090B)  
COLOR OPTIONS: Blue or Green
